WHO WE ARE

Brics Africa is a consulting firm focused on strategic Technology, Business, Financial and Research services, set up to provide professional advice to organizations of all sizes within various industries that help improve operational and financial performance through a hands-on process that supports them in making well-informed decisions that deliver high-impact results and achieve sustained value.

Our insight and guidance is aimed at empowering our clients to improve organizational efficiency, effectiveness, agility and responsiveness; applying technical knowledge and expertise to

strategy, research and technology to provide sustainable solutions to all organizational challenges.

Our expertise spans digital & IT services, financial advisory, training & capacity building, strategy and business development among others. So whether you want to mobilize your internal processes, develop an entrepreneurial idea, motivate your employees or simply raise the profile of your brand - you can completely rely on us.
